Once in Evora, you can find your way to the Venue (Colégio Espírito Santo) by foot – it is not far and Evora is a small town. Although many photos are available online, most of them show the famous inner structure of the building. The present-day façade can be seen on the last picture in this pdf.

If you are carrying a suitcase, it may be advisable to take a cab. Evora is a historical city and its sidewalks match the context accordingly, so it may be inconvenient to drag a suitcase around.
